*** Important facts**

- Please be informed that the invitation letter that will be issued by this order is not a visa and is not sufficient to enter Russia. To obtain your Russian business visa you will need to apply to your local/nearest Russian consulate using this invitation. When you receive your invitation by fax (or, for some countries, in original) we advise that you contact your travel agent or local/nearest Russian consulate for details. The amount of EUR 100 will cover your invitation letter only. If you need the original, please note that DHL service is for additional expense.
- Please be aware that the invitation letter is issued within 14 days. Please be also informed that Interconnect Group will try to obtain your invitation letter as soon as possible, but in some cases the Foreign Authority can detain the issue of invitations. In such situations Interconnect Group will take advantage of every option to accelerate this procedure, but can not guarantee a positive outcome and Interconnect Group is not responsible for any consequences of such delays.
- Please be aware, medical insurance is required to enter Russia.
- Every person who is not a citizen of Russia must be in possession of a migration card that is provided at the airports in Russia. Please complete the migration card before passing through customs and immigration at the airport. When completing the migration card, make sure to indicate in the section 'Purpose of visit' the reason of your visit corresponding to your visa type. Please note that, as a foreign visitor, you must also have a hotel registration and confirmation secured for the entire period of your visit. This information will be added to your migration card at the reception desk of your hotel when checking in.
